## Lower Cowpasture Restoration and Management Project Public Workshop

**Covington, Va.** December 2, 2014 – The USDA Forest Service will host a public workshop to discuss the proposed 100,000 acre Lower Cowpasture Restoration and Management Project on Monday, December 8, from 6 to 8 p.m. at the Millboro Elementary School (411 Church Street) in Millboro, Virginia.

The workshop will include a presentation on the draft environmental analysis. This presentation will outline the environmental impacts for proposed activities to the Lower Cowpasture Restoration and Management Project.

The Lower Cowpasture Restoration and Management Project resides in a diverse area with a wide range of natural resources within the Cowpasture, Jackson, and Calpasture River watersheds. Proposed projects include but are not limited to: timber harvest, prescribed burning, invasive plant management, recreation, and forest road access.

In the event of inclement weather, the workshop may be rescheduled. Changes in the date and/or time of this workshop will be posted by 4:30 p.m. on December 8 at <http://www.fs.usda.gov/alerts/gwj/alerts-notices>. For additional information on the Lower Cowpasture Restoration and Management Project contact the James River Ranger District at 540-962-2214, or the Warm Springs Ranger District at 540-839-2521.
